5000\*10^m Material of lens Polycarbonate (PC) G/N Weight

15/12kg Color YELLOW/RED/BLUE/TRANSPARENT Layout

Product Name:TBD4233  
Model Name:TBD4233  
Catalog:Rotator Light Bar

detail:

The internal consists two layers of lights, the product is made of stainless steel, aluminium alloy and PC materials, which has waterproof, dust-proof and weather-resistant structures, The pulse explosive flash type adopts high-efficiency xenon lamp tube and turning light as lamp source, which has high light effect, long range of visibility, good light color, long performance life and reliable stability.

Color : Red,blue,amber,green,transparent

Material : PC

Power : 252W

Weight : 15Kg

Size : 1260\*380\*285

Product Name:TBD4786  
Model Name:TBD4786  
Catalog:Rotator Light Bar

detail:

The internal consists two layers of lights, the product is made of stainless steel, aluminium alloy and PC materials, which has waterproof, dust-proof and weather-resistant structures, The pulse explosive flash type adopts high-efficiency xenon lamp tube and turning light as lamp source, which has high light effect, long range of visibility, good light color, long performance life and reliable stability.

Color : Red,blue,amber,green,transparent

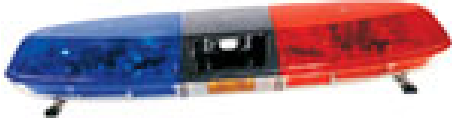

Material : PC

Power : 270W

Weight : 10.6Kg

Size : 1270\*388\*240

Product Name:TBD4865  
Model Name:TBD4865  
Catalog:Rotator Light Bar

detail:

1. The long-line caution light adopts egg-shaped outline which has good sealing and water-proof, dust-proof and weather-resistant structure, the internal consists of rotating light, strobe light and shooting light, all of which adopt high-brightness halogen bulbs,xenon bulbs or LEDs.

2. The strong flash shines in all direction, and even in extremely complicated condition, it can pass on energetic signal correctly.

Color : Red,blue,amber,green,transparent

Material : PC

Power : 260W

Weight : 19kg

Size : 1230\*510\*235mm

Product Name:TBD4030  
Model Name:TBD4030  
Catalog:Rotator Light Bar

detail:

1. The lamp cover is made of high quality PC material and with good impact resistant, the color is fresh and the transparency reaches more than class9, the sealing performance is excellent and the waterproof and dustproof can reach Ip53 international level.
2. Double-layer lighting structure, which forms perfect combination of high quality halogen bulbs, xenon or LED bulbs, the main and auxiliary light are controlled separately with the characteristics of long service life, high illuminating efficiency, powerful penetrating ability, good warning effect and wide application.
3. The supporting stand can be adjusted within the range of 830-1020mm, plastic and stainless steel covers are available for selection,  
it is suitable for police and other special vehicles.

Color : Red,blue,amber,green,transparent

Material : PC

Power : 220W

Weight : 15.6kg

Size : 1250\*400\*255mm

Product Name:TBD4040  
Model Name:TBD4040  
Catalog:Rotator Light Bar

detail:

1. This series product has feature of strong brightness, high power and perfect colour, strong back ground light resistance and fog penetrability.
2. It is made of PC material that has strong shock resistance, the transmission part of caution light uses worm gear driving and rotation axle equipped with copper sleeve, so it is with good sealing property, which has water-proof, dust-proof and weather-resistant structure.
3. The pulse strobe light adopt xenon bulbs which can send out strong flash around and transfer emergency signal accurately even in extremely wicked weather.

Color : Red,blue,amber,green,transparent

Material : PC

Power : 280W

Weight : 19kg

Size : 1890\*380\*285mm

Product Name:TBD4886  
Model Name:TBD4886  
Catalog:Rotator Light Bar

detail:

1. The light source adopts two high-quality halogen bulbs as alley lights, 4 as takedown lights and 8 high-efficiency xenon bulbs as strobe lights( or 4 rotating lights distributed on the left and right symmetrically), the strong brightness send out from all directions can transfer signal correctly even on extremely jumbled occasions.
2. It adopts stainless steel, aluminium alloy and PC material, which makes it durable and reduces its weight.
3. It possess feature of waterproof, dust-proof and weather resistance, it is suitable for police wagon, fire engine, ambulance and mobile machinery shop and on speedways for danger signal lights.

Color : Red,blue,amber,green,transparent

Material : PC

Power : 240W

Weight : 12kg

Size : 1670\*388\*245mm

Product Name:TBD4050  
Model Name:TBD4050  
Catalog:Rotator Light Bar

detail:

1. This series product has feature of strong brightness, high power and perfect colour, strong back ground light resistance and fog penetrability.

2.PC dome, it adopts 4 revolving lights, 4 halogen flasing light and 2 alley lights.

it comes with speaker.

Color : Red,blue,amber,green,transparent

Material : PC

Power : 220W

Weight : 18.5kg

Size : 1260\*380\*295mm

Product Name:TBD4003

Model Name:TBD4003

Catalog:Rotator Light Bar

detail:

1."V"shape structure, respect fashion;

2.The body large, luxury and superb;

3.All revolving lights or combination of continuous flash light, turning lamp, flash light&shining lamp;

Color : Red,blue,amber,green,transparent

Material : PC

Weight : 15kg

Size : 90\*70\*25cm

Product Name:TBD4866  
Model Name:TBD4866  
Catalog:Rotator Light Bar

detail:

- 1.PC dome;
2. stable power supply capability;
3. high quality halogen bulbs with life over 5 millions times, high brightness and stability.
- 4.adopt CAM Reflector as assistant process to heighten 20% luminous efficiency.

Product Name:TBD4340  
Model Name:TBD4340  
Catalog:Rotator Light Bar

detail:

The warning light has magnetic absorption type and iron broad fixed type. the material adopts stain less alum inalienably and PC which is durable and help reduce the weight of the products.

Material : PC

Power : 35W

Weight : 4kg

Size : 1120\*66\*25MM/4pcs

Product Name:TBD4597  
Model Name:TBD4597  
Catalog:Rotator Light Bar

detail:

1) double light structure, specially managed reflector and clear dome in the down layer make the warning effect much better.  
2) imported German high quality xenon bulb can be used for more than 60 million times. Without low noise. pure light anti-fog. Model voltage light power matched siren net weight measure QTY DC12V 198W 100W 20.5KG 1270\*360\*240 1PC

1000mm Rotator Lightbar

1. Available in various colors.
2. Thin, wind-resistant and with low noise.
3. Well sealed, dust-proof and water-proof.
4. High-quality halogen tungsten bulbs.
5. Adopting advanced rubber wheel structure as transmission part.
6. 4 pieces halogen rotators, 2 halogen alley lights.
7. Voltage: 12v/24v
8. Length: 1000mm.

detail:

Novel, steady and decent design for exterior.

It is composed of lamp cover which has three kinds of color

It is perfectly combined with light of flash, strobe and turning etc.

It contains high quality bittern tungsten bulb and imported flash or strobe lamp tube with strong brightness and long life.
