

Product Name:LTDG9800-2

Model Name:LTDG9800-2

Catalog:LED warning light

detail:

SPECIFICATION I Model LED Color Combinations

Red,Amber/White,Blue,Green Voltage DC12V

Red,Amber/Red,Amber Available Color

Red/Amber/Blue/White/Green White,Blue,Green/White,Blue,Green

LED Voltage 0.5W 1W Array Mode 1/2 Total Control Circuit 2 1/1

1/1 means the LED color of the two circuits are the same,1/2 means the color are different. Red, amber/white, blue, green is optional,

such as red/white, red/blue, amber/green, amber/white.

SPECIFICATION II Voltage DC12V LED Color Red/Blue Product

Feature High brightness, varied flash patterns Flash Patterns 16

LED Voltage 1W Net Weight 716g Lamp LED Instantaneous

maximum current 1.6A Gross Weight 766g Lamps No. 8 Maximum

Input Power 19.2W Measurement 260*80*80mm SPECIFICATION

III Voltage DC12V LED Color Red/Blue Product Feature High

brightness, varied flash patterns Flash Patterns 16 LED Voltage

0.5W Net Weight 716g Lamp LED Instantaneous maximum current

0.66A Gross Weight 766g Lamps No. 16 Maximum Input Power

7.9W Measurement 260*80*80mm

Product Name:SL633
Model Name:SL633
Catalog:LED warning light

SL633

Product Name:SL632
Model Name:SL632
Catalog:LED warning light

detail:
SL632

Product Name:SL631
Model Name:SL631
Catalog:LED warning light

detail:
SL631

Product Name:SL630

Model Name:SL630

Catalog:LED warning light

detail:

this strobe lights adopt the newest extra bright LEDs. They are of long life, extra brightness and low power consumption, colored light sources with special optical lenses for excellent warning and signaling effect.

Model Overall size 99*69*47mm Working Power 3W/6W Weight 0.5Kg Working Voltage DC12V Color Red, blue, amber, white, green Working current 0.6A Qty.
